RUJUKAN KAMI:

PRESS RELEASE

IMMEDIATE RELEASE

THE 6TH REGIONAL CONFERENCE ON ENGINEERING EDUCATION 2016 (RCEE 2016)

KUALA LUMPUR, 9 AUGUST 2016 - The 6th Regional Conference on Engineering Education 2016 (RCEE 2016), in collaboration with Research in Higher Education (RHED) and 7th Asia Pacific Conference on Engineering Technology Education (APCETE), will be held from 9 to 10 August, 2016, at Universiti Teknologi Malaysia (UTM) International Campus, Kuala Lumpur. The conference is organised by Centre for Engineering Education (CEE) Universiti Teknologi Malaysia (UTM) in partnership with Taiwan Engineering Education and Management (ATEEM), Research in Engineering Education Network (REEN), International Federation of Engineering Education Societies (IFEES) and Society for Engineering Education Malaysia (SEEM). This conference has already attracted more than 125 entries. Currently, 77 papers from various countries namely Malaysia, Indonesia, Singapore, India, Pakistan, Taiwan, the Philippines and the United Kingdom have been accepted after undergoing the review process and will be presented at the 2-day conference.

The categories of track and papers include STEM education, global engineers, educational technology, software and tools, student-centred teaching and learning, professional skills development, rigorous research in engineering education, outcome-based education and accreditation, assessment and evaluation, university-industry collaboration, service learning, faculty development, sustainable development in education, grand challenges in the 21st century, diversity in engineering education, and other related areas.

Pencapaian Ulung Akademik dan
Keshihatan, Sains & Teknologi

ANUGERAH JENAMA
YANG DIPERCAYAI
Reader's Digest 2010
Kategori Universiti

A keynote session and forums will also be held and delivered by renowned speakers in engineering and engineering education from around the world. The RCEE 2016 opening ceremony will be officiated by Datuk Seri Ir. Dr. Zaini Ujang, the Chief Secretary 2, Malaysian Ministry of Higher Education, during the Conference Dinner which will be held at Megaview Banquet Hall, Menara Kuala Lumpur. This conference is aimed at providing a platform for research sharing in engineering education and higher education. This conference will bring together academics in engineering and social sciences from various higher learning institutions from around the world to showcase scholarly and rigorous research papers on teaching and learning and experience that can be shared and emulated. This conference is a step forward towards encouraging efforts in elevating the level of higher education, in line with the government's aspiration to make Malaysia an education hub in the region. In addition to providing a platform to generate ideas and feedback from leading experts to improve and expand innovations, it will also generate more opportunities for collaboration, as well as establishing network among academics towards implementing research and development to uplift the scholarship of teaching and learning in higher education.
